

CURRICULUM VITAE

I. Personal Information

Name: Vo Thi Phuong Linh

Date of birth: 01/10/1990

Email: vtplinh@ctu.edu.vn

Phone number: +84 (0) 949668709

II. Education

2008 – 2012: College of Environment and Natural resources, Can Tho University, Viet Nam country: Engineer of Environmental Management

2013 – 2015: College of Environment and Natural resources, Can Tho University, Viet Nam country: Master student of Natural Resources and Environmental Management.

III. Work experience

01/2012 – 03/2013: Researcher at Department of Environment and Natural Resources Management, College of Environment and Natural Resources, Can Tho University, Vietnam. Specific works:

- GIS application in environmental and river management (ArcGIS, Mapinfo).
- Managing and analyzing data of meteorology and hydrology. Supporting assessment the impact of climate change on agriculture and aquaculture in the Vietnamese Mekong Delta.

04/2013 – 04/2014: Probationary lecturer at Department of Environment and Natural Resources Management, College of Environment and Natural Resources, Can Tho University, Vietnam

05/2014 – present: Lecturer at Department of Environment Management, College of Environment and Natural Resources, Can Tho University, Vietnam

IV. Training

08/2012: Ha Noi city, Viet Nam.

- The topic: Agent-based modeling
- Organized by: CSIRO project and Vietnam Institute of Meteorology Hydrology and Environment

11/2012: Can Tho city, Viet Nam.

- The topic: A practice approach for Agent Based Modelling (GAMA)
- Organized by: Institute of Research for Development, France and Can Tho University.

V. Skill

Skill full in

- Statistic application in environment (Matlab, Minitab)
- GIS application in environmental and river management (ArcGIS, QGIS).

VI. Prize

“Celebrate young creative talent Holcim Prize 2012”: The environmental prize.

VII. Publication

Papers

- Van Pham Dang Tri, **Vo Thi Phuong Linh** and Nguyen Hieu Trung. 2012. The impact of hydrological changes on the land use in Cau Ke, Tieu Can and Cau Ngan district, Tra Vinh province. *Journal of Can Tho University*. No 25.
- **Vo Thi Phuong Linh**, Van pham Dang Tri, Nguyen Hieu Trung, Vo Quoc Thanh, Nguyen Thanh Tuu. 2013. Assessing hydrologycal and land use dynamics in the Mekong Delta, Vietnam. *Journal of Science, Can Tho University – Part A: Natural Sciences, Technology and Environment*, (accepted).

International Conference

- Nguyen Hieu Trung, Van Pham Dang Tri and **Vo Thi Phuong Linh**, 2012. Agro-ecological zones in the Vietnamese Mekong Delta: The present conditions and changes under threats of climate change. The 4th International Conference on Vietnam Studies. Vietnam Academy of Social Sciences in collaboration with the National University of Hanoi. Ha Noi, Vietnam.

Poster

- **Vo Thi Phuong Linh**, Van Pham Dang Tri and Nguyen Hieu Trung, 2012. Impact of Local Hydrological Changes on Land Use in the Tra Vinh. From the river banks to the coast: Integrated approaches of land- and water use coping with climate change in the Mekong Delta. Can Tho, Vietnam.
